Introduction

Okay, before you start reading, I first want to tell you a few things. This is the first time I try something like this so please don't expect great things from me. But it seemed fun and I wanted to try this so here I go.

-You view this trough your eyes and Rascal's eyes. You will be named Y/N, which means "your name".
-You're 15 years old.
-You will be a part of the Glitter Force and you will be called Glitter Lavender. This is only when you have transformed.
-You will start crushing on Rascal in later chapters.
-Let's imagine everything here happens after the last battle of season 1, season 2 never happened.
-You have a passion for writing and reading and you are like Lily, shy and insecure about your work. You don't talk a lot and feel scared to make friends. You also are always late and clumsy like Emily. You love to talk with people about books when you trust them. You don't want to think about yourself before others, like Chloe. You have 3 siblings (a big brother who is 17 and willing to protect you at all cost, a smaller sister who is 14 and likes to share everything with you and a sister who is 9 and always gets herself in trouble.) and you want to protect them at all cost (they are very important to you), like April. And like Kelsey, you like to volleyball and are really good at it. And last but not least, you are in love with chocolate, like Candy.
-Your special attack is called "Lavender Airshot". *(Lol I am terrible at making something like that up, don't dudge me please.)*

Was this everything I have to tell? I think so. Okay, enjoy! <3

New School

[image]

Y/N Perspective

You are late for your new school. You run as fast as you can and when you arrive, you shyly walk into class. You have to introduce yourself and you have prepared for what you're going to say, but you are too scared and forget everything.
'I... I am (Y/N)...' you mumble and your face turns red. 'I love fifteen and I am writing...'
You can't believe what you just said and you feel like you're about to cry from shame and stress. But suddenly a girl with red hair comes up to you.
'Let me help you,' she says. 'You are (Y/N), you are fifteen years old and you love writing. You are very shy but don't worry! We will make sure you can feel happy here!'
'T-thanks...' you stammer.
'No problem!' the girl says. 'I am Kelsey by the way.'
You feel like you don't have to worry anymore and you start over again. 'I will try again. So my name is (Y/N), I am fifteen years old and I justed moved here. I have three siblings. My brother Jack is seventeen years old, my sister Emma is fourteen and my other sister, Olivia, is nine. I love to read and write. It helps you to relax and connect with fantasy. That is what makes me happy.'
'You're doing well!' a girl in front of the class with blonde hair says.
You feel so happy and relieved that you start to smile.

At break Kelsey and her friends come up to you. You see the girl with pink hair, blonde, green and blue.
'Hello (Y/N), may we sit with you?' the girl with green hair ask.
'Yes,' you say happily. You feel good to know that people don't lock you out.
'I heard you love to read,' the girl with pink hair says. 'Do you like

fairytales?'
'Yes,' you answer, 'but I love novels more.'
'I absolutely LOVE fairytales!' the girl says enthusiastic. 'Oh wait, we haven't intoduced ourselfs yet! I am Emily.'
'I am Lily,' the girl with blonde hair says. 'I love drawing.'
'April,' the girl with green hair says. 'I love soccer.'
'Chloe,' the girl with blue hair says. 'I love studying.'
'And I love volleyball,' Kelsey says.
'Volleyball?' you ask. 'I love that too!'
'Cool!' Kelsey says. 'Do you want to practise with me after school?'
'Yes!' you answer happily.
'We will join you guys!' Emily says.
You feel so happy that you made friends on the first day of school.

Rascal's Perspective

'I am going after them!' I hear Ulric's voice shout. I can't help but to chuckle. Those stupid idiots are fighting again about who is going to destroy the Glitter Force. But I will let them try. I will focus on more important things. It seems like the Glitter Force has a new girlfriend. I will have a chat with her soon.

Y/N Perspective

You are walking with Emily, Kelsey, Lily, April and Chloe. You had a nice training with Kelsey and she is incredible good at volleyball. You are going to get icecream with them. This day is fantastic and you hope it never ends.
You don't notice the wolf who floats up in the sky.

(Oh I forgot to tell the chapters will be around 500 words. In my opinion it is far too few words (I am used to 1000+), but let's see how it turns out. Thanks for reading!)

Ulric

[image]

Rascal's Perspective

I decide to spy on them. I am sure that wolf will fail again. I hide behind a bush and look at the Glitter Force and their new, silly friend with purple hair. When that new girl is alone, I will have a chat with her. A very nice one. I chuckle as I watch them.
I see Ulric getting his book and paint the future black. The new girl falls down, moaning and whimpering. The Glitter Force transform and Ulric tries my new Buffoon out: the Super Buffoon.
I chuckle when the Buffoon not only hurts the girls, but also Ulric, who get's blown away and lands in a tree. The girls try their new Princess powers that defeated my master, but it doesn't affect the Buffoon. Even I am surprised by that.
'Hold on, girls!' Pop, that annoying pixie, appears out of a flying book. 'I have news! There's another member of the Glitter Force, but you can't use your combined powers anymore as she isn't with you!'
Another member?!
Super Buffoon attacks the girls and they lay on the ground, moaning.

Y/N Perspective

You suddenly fall on the ground, feeling terrible and sad. Why would you think Emily and the others want to be friends with you? You're nothing special. And you won't be a writer, you will never be good enough for that!
'Emily and the others will not want to be friends with me and I will not be a writer...' you whimper. You continue feeling bad for minutes, until some voices wake you up from the bad thoughts.
'You are wrong, Ulric!' the voice of Emily says. 'She's our friend! We will do anything to protect (Y/N)!'
You slowely lift up your head to look at what's going on. You see

your new friends with different clothes and hair stopping a big, creepy clown that looks like a tree from hurting you.
'Stop with that talk about friendship, it's disgusting!' a wolf shouts. 'Super Buffoon, finish them!'
The tree hits your new friends and they lay on the ground. You scare.
The wolf laughs. 'You are NOTHING without that sixth member! That's why friendship is rediculous! It's just an excuse because you are weak on your own! Buffoon, finish the job!'
The tree wants to kill your friends and you stand up. He may not hurt them! You stand in fornt of them.
'Leave them alone!' you shout.
'Who are you?!' the wolf says angrily.
'I am (Y/N), and I won't let you hurt my friends, you bad, smelly dog!' you say, but then you realise what you're doing. A giant clown tree is about to kill your friends and you try to stop it, and you just offended a talking wolf who looks dangerous!
The wolf laughs. 'Do you know what you are doing, silly girl?'
The tree lifts his fist up and is about to hit you.
'No!' you yell. 'This may not happen!'
Suddenly white feathers appear and a purple beam hits you. You are in a dimention with only purple around. You feel confused and then a pink powder box appears.
What is happening?

(The low amount of words are very unsatisfying for me but I still hope you like it!)

A Scent Of Lavender Air

(Y/N) Perspective)

'It's you!' it suddenly sounds and a lamb alike creature appears.
'What?' you ask. 'Who are you? Where am I? What's happening?'
'I am Candy, a pixie and I have something really important to tell you. You are the sixth member of the Glitter Force and it's your mission to defeat evil!'
'Wait what?!' you say. 'I am not the right person for something like that!'
'Yes you are!' Candy says. 'You just need more confidence. Open your Glitter Pact, place your Glitter Charm and say "Glitter Force Make-over, then let it do the rest.'
'I am really confused, but alright...' you say and do what Candy has told you. 'Insert Glitter Charm!'
'Activate Glitter Pact!' it suddenly sounds.
'Nothing to lose,' you say. 'Glitter Force Make-over!'
A puff appears and you grab it.
'Now use your Glitter Puff!' Candy says. 'Put on Shades of Power!'
You nodd and with the puff you transform. 'Poof poof, Glitter bands! Poof poof, Glitter boots! Poof poof poof, I am Glittertastic!'
Suddenly you got purple clothing that look a lot like what the others were wearing. And then your hair is suddenly long and lilac. Then you bring on make-up on your cheeks as a final.
'A strong wind! A scent of flowers! I am Glitter Lavender!'
Then you are sudddenly back to the real world. You notice that you have transformed into a whole new girl.
'What happened to me?!' you say. 'This is so strange!'
'Looks like you have found your new Glitter Gal!' the wolf, Ulric, growls. 'Super Buffoon! Finish her!'
'No you don't!' the others suddenly sound and they stop the giant fist of the Super Buffoon.
'Welcome in our team,' Emily says. 'We will help you trough everything. But now you gotta help us.'
You nod. 'Tell me what to do, and I will definitely help!'
'We have to defeat this Super Buffoon with our new powers!'

'I got another wand!' A pixie - who looks a bit like a lion - runs up to you and gives you a unicorn-like wand.
'How does it work?' you ask.
'Just like your Glitter Pact. We have to insert another charm!'
You all jump backward and yell: 'Insert Glitter Charm! Princess Wand! Give us your Glitter Power!'
You all hold the tops of your wands together and light shines from it. 'Summoning Princess Power!'
Six pegasusses appear out of the wands and you all get different clothing, earrings, hair and a crown, anglewings and a ring appears on your heads.
'Princess Lucky!' Emily yells.
'Princess Sunny!' Kelsey yells.
'Princess Peace!' Lily yells.
'Princess Spring!' April yells.
'Princess Breeze!' Chloe yells.
'Princess Lavender!' you yell.
Then you all jump up and backwards while yelling: 'Glitter Princess Power Activate! All together! Glitter Princess Mode!'
'Ready girls?' Lucky asks. She suddenly rides a pink unicorn. You all ride unicorns with your basic coulours.
'Pink, purple, orange, green, blue, yellow!'
'Painting the sky with the colours of hope!' We then all yell together. 'Pegasus Power Attack! Here we go! Rainbow Burst!'
We point our wands towards the Super Buffoon and a huge pegasus appears, sending a colourful beam towards the Buffoon.
'Super Buff-' the monster screams and dissapears.
Lucky blows her wand. 'Wands down, girls!'
'Another happy ending!' we all say together.
The nose of the Buffoon fades away and exposes four Glitter Charms.
'I hate happy endings!' Wolf Ulric growls and dissapears. Then the sky turns normal and so do the people in the park.
'Look, girls!' Emily says. She holds some Glitter Charms. 'We won some prizes!'
'Four more Glitter Charms?' April asks. 'I thought we'd collected them all.'
'And is that a whole new Charm Chest we've got to fill?' Kelsey asks.
'Wh-what is going on?' you ask, confused about everything that has happened.

'Welcome (Y/N)!' Emily says excitetly. 'You are now a member of the Glitter Force and we are choosen to defeat evil! We have to stop villains from reviving their master Emperor Nogo, who wants to give the universe an unhappy ending. Come, we will start telling whole the story from the very beginning!'

Rascal

[image]

Y/N Perspective

You lay in bed, thinking about everything that has happened today. Emily and the others have told everything about the Glitter Force. What they have done so far, who the villains are and they have told about Queen Euphoria. You have to get the Glitter Charms to revive her and to defeat Emperor Nogo, otherwise he will destroy the whole universe!
You try to read while laying on your back and your book above your head. But then you accidently drop it, right on your face. 'Ouch!' you say and rub your nose. You sighs deeply. This is not going to work. You keep thinking about everything that has happened. Maybe you should go for a walk.
In the corridor you bump into your seventeen year old brother Jack. 'You're up late,' he says. 'Where are you going?'
'I am going for a walk.'
'Now? It's ten o clock.' Jack looks at you. You know that look very well. He is always concerned about your safety.
'Don't worry, it will be a short walk,' you say.
'No way. I am coming with you.' Jack takes your hand. 'It's already dark outside. People can still harm you, even if you are just taking a short walk.'
You smile. You know that you are not going to win this argument. Jack can be really stubborn. But he is nice and maybe he can cheer you up.
The two of you get your jackets and go outside.

Rascal's Perspective

I watch the new girl while sitting in her tree. I wanted to have a chat with her alone, but there is a boy with her. I growl. Oh well. Then I will just have to use my book and the black paint and drain some negative energy.

Y/N Perspective

Suddenly your brother falls on the ground and sounds really sad.
'I will fail to protect my little sisters...' he whimpers. 'Why am I even trying?'
'Jack?!' You say shocked.
Suddenly you hear someone chuckle. Then he appears. He is very tall, slim and has his yellow, red and blue hair styled like a jester hat, purple bangs, wears a white mask with black eyes, pointy ears and wears earrings. He wears a purple poncho with a red-pinkish belt around his neck and his shoulders. He wears a white bodysuit with a golden belt around his waist. It has white sleeves and red-pinkish like bracelets. He has long, black fingernails. At his thighs his white bodysuit goes with a red-pinkish ring to purple pants. At the wide end it has a white ring and he wears black, curly boot with heels.

[image]

'Rascal!' you say immediantly.
'You know my name,' the joker chuckles and then bows. 'And you are Glitter Lavender, right deary?'
You get your Glitter Pact. 'Glitter Force Make-over!'
Everything goes the same as the first time.
'A strong wind! A scent of flowers! I am Glitter Lavender!'
'How cute,' Rascal giggles.
'Shut up clown!' you snarl with a hateful look.
'If looks could kill...' Rascal chuckles.
'Let's see if you still laugh after this!' You ram your elbow into Rascal's stomach. The joker groans and wraps his arms around his belly. He had no time to jodge - you were suprisingly fast, faster than the others and he would expect a different attack.
Then you get your chance and you focus all your energy on your Glitter Pact, like the girls have told you.
'Glitter Force!' you yell. 'Sparkle Lavender Airshot!'
You pick up a lilac ball like a bowlingball and aim for the jester. Rascal looks at the attack coming towards him while still suffering from the punch you give him, right under his ribs. He quickly turns into a pile of cards and to your big fright your attack is now heading towards Jack.

'No!' you screams and quickly grab your ball. You have trouble holding it and it is dragging you backwards slowely. You let out a yell and throw the ball into the air. Jack is safe, but Rascal got all the time to do something. A pile of cards trap you and you scare. 'Let's start this over, shall we?' Rascal asks and snaps his fingers. You are teleported away with the sadistic joker.

Such A Silly Girl

[image] [image]

Rascal's Perspective

Glitter Lavender has passed out when we appear in the Shadow Realm. I bet it is because of fear or she has to get used to magic.
I let the cards disappear and carry her in my arms. I carefully lay her on the ground. I stare at her calm face and lilac hair. There is something odd about her, but what?
I tie her up at a pole and chuckle. I got a nice surprise for these idiots. I bet Ulric would like to see her. First she can have a talk with them, then I will chat with her.

Y/N Perspective

You slowely open your eyes and feel confused. What has happened and where are you?
When you notice that you are tied up, you scare. You must be kidnapped!
'HELP!' you scream. 'LET ME GO!'
Suddenly three silhouettes come up to you. You see a red troll, a small, old witch and a wolf... Ulric!
'Where am I?' you say. 'What are you going to do with me?'
'It's her!' Ulric says surprised. 'The new Glitter girl!'
'How did she get here?' the witch - Brooha - asks.
'That is what I want to know...' you say.
'Does it matter?' The troll - Brute - crackles his knuckles. 'Now that we have her, we can finally destroy one of these brats!'
You scream as Brute lifts his club up and is about to hit you.
Suddenly you hear chuckle and a huge card shields you.
'Not yet, Brute.'
You all see Rascal appearing.

Rascal's Perspective

'You!'
I look at Glitter Lavender as she tries to come for me while she can't.
How ungreatfull. I saved her from Brute's club.
'Rascal?! What are you doing here?!' Ulric growls.
'Don't kill her yet,' I say. I point at Brute.

'She may be more usefull than you think.'
Brooha looks at me. 'What are you talking about?'
'Yeah!' Glitter Lavender shouts. 'What are you up to, creepy clown?!'
'Just wait and see,' I chuckle.
'Wait until my friends get here!' Glitter Lavender yells. 'We will destroy you and your master!'
'I would like to see them try,' I say calmly. I play with a pile of cards. 'Now if you three would like to give us some privacy... I want to talk with Lavender.'

Y/N Perspective

'What do you want from me?' you ask as Ulric, Brute and Brooha have left.
'Just having a nice chat.' Rascal comes very close to you and looks at you with one, big black eye. 'Now tell me, little girl, what secret at you hiding?'
You get back. 'W-what are you talking about?'
'Don't act like you don't know what I am talking about.' Rascal comes closer and closer and you stare at his black eye.
'I am telling the truth, idiot.'
'Hm.' Rascal gets away from you and he narrows his eyes. He turns around. 'Let me tell you what I see. You are very talented. How come?'
'Maybe you are just weak.'
Rascal turns around and looks at you. 'Don't play games, Glitter Lavender.'
'I am being honest.'
'You are much faster than the others,' Rascal says. 'It's like you have air powers.'
"A strong wind! A scent of flowers!" it sounds in your head. Rascal may be right about that.

'You are a member of the Glitter Force, but I sence a lot of darkness in your heart,' Rascal then says.
'WHAT?!' you yell. 'Do you know what you are saying?!'
'I am just saying, in case you want to join us...'
'NEVER!' you scream. 'DO YOU HEAR ME?! NEVER!'
You feel that the rope around your wrists is gone and you stand up immediantly, trying to attack Rascal.
'Too bad that I am still a little faster,' Rascal chuckles as he dodges every attack and then he pushes you. You fall on the ground.
'I decided to let you go, and then you are trying to attack me. Not really nice, is it?'
'You deserve it...' you moan and rub your back. He has pushed you really hard.
'I want to talk. Not to fight.' Rascal looks at you.
You stand up. 'Fine. You can talk.'

A Talk With The Jester

[image]

Y / N Perspective

Rascal let a pile of cards appear and plays with it. You stare at the cards. What is that creepy joker up to?
'I think you don't realize it yet,' he sighs, 'but believe me. That will come.'
'What are you talking about, Rascal?'
'I see I am no longer "creepy clown" but Rascal?'
To your fright you start to blush. You are afraid that Rascal notices and you try to hide it. But by the look of Rascal's smirk it is clear he has seen it. Fortunately he doesn't make a comment about it.
'I was talking about the darkness in your heart,' Rascal continues. 'You may not realize it yet, but I can sense it!'
'You have no idea what you are talking about,' you say, trying to sound more confident than you actually are at this moment.
'Oh really?' Rascal asks and suddenly comes really close, killing the confidence immediately and you freeze with fear.
'Just like I thought,' Rascal says. 'Behind your big mouth just lays a silly girl who fears me.'
'What do you want from me?!' you then yell. 'Why did you bring me here?!'
Rascal brings his face closer and you look in the big, black eye. It's like a void.
'I brought you here to confront you,' Rascal says. 'And, of course, telling you about the darkness inside your heart.'
'Well, sadly for you, you're wrong...'
You want to attack Rascal, but he is right. You talk much more confident than you actually are and you indeed fear Rascal. You decide to listen to him instead of attacking. You have realized that he can easily take you down. And who knows what he then does?
'If you notice it yourself, I welcome you with opened arms to the Shadow Realm,' Rascal says and widens his arms. He chuckles softly. 'But of course you have to quit the Glitter Force if you want to join us.'

'I will not let them down!' you say, too fierce. This causes Rascal to come back at you closely and you stumble backwards. His grin widens. You start to hate this.
'Oh deary,' he says. 'It's such a shame you don't see it.'
You bite your lip. You feel like you are about to cry from anger and fear. And confusion. What does this clown want?!
Rascal looks at you and slants his head, which causes his hair to follow him. 'Is this too shocking for you?' he asks.
You say nothing. You don't want to admit. Rascal may not win. In whatever way possible. After all, he is trying to destroy the whole universe with his master Emperor Nogo. That may not happen! He was already beaten, but this time he has to get beaten again.
'We will send you back to where you came from,' you say without noticing. 'You were already beaten and we will do it twice!'
'We?' Rascal starts to laugh out loud. You start to think that he has lost his mind.
'You just became a member, and you already expect them to accept you?' he says. 'Such a silly, little girl. Friendship will only bring misery. It will only hurt!'
You stare at him, speechless.
'If you really think they want to be friends, you're dumber than I thought,' Rascal says. 'But if that is what you really want, the misery, I will send you back to your friends immediately. Hold still!'
Rascal let's a card appear and sends it to you. 'Have fun defeating the other three idiots and collecting silly Charms!'
The card suddenly get's big and wraps itself around you, and before you know, you stand in the park and the card floats away. The moon shines.
'(Y/N), where are you?' Jack's voice sounds.
You run towards his voice and jump in his arms. You then suddenly realise that you are crying.

Rascal Was Right

[image]

Y/N Perspective

You see that your brother Jack pours tea in a cup. The two of you sit in the living room at the table.
'Here. This should calm you down.' Jack puts the cup down in front of you. He then looks at something. You follow his gaze. He looks at the clock. It's almost twelve. You know what he thinks. You shouldn't go to bed that late because that is not good for you, and you have school tomorrow. Fortunately he says nothing about it.
You blow in the cup to cool it down and drink it. 'Thank you, Jack.'
'Do you still not want to talk about it?'
You shake your head. 'I want to, but I just can't.' Jack may not know about the Glitter Force and Rascal. He would either think you are crazy or faint from concern.
'Do you know how I feel?' Jack asks. 'My sister suddenly dissapeared, I was seeking you for what seemed hours and then you came running towards me while crying. I was scared to death, (Y/N).'
'I am sorry,' you say.
Jack shakes his head. 'Just know that you can trust me.'
'That's not the point,' you say. 'If I tell you, there can be a lot of damage.'
Jack stands up. 'I am going to bed.'
He leaves you behind. But why blaming him? He has the feeling that you don't trust him.
But it still hurts.

The next morning you walk to school. Jack wasn't home when you woke up. Probably got up early to not be around you.
A painful feeling shoots trough your heart. You inhale deeply. You're emotionally hurt, but you don't want to cry in front of others. Maybe Emily and the others will cheer you up. You seek them and then you see them. You want to go to them, but your feet refuse to work.

Emily and the others are having a lot of fun together, without you.
"We?" the voice of Rascal suddenly sounds inside your head. "You just became a member, and you already expect them to accept you? Such a silly, little girl. Friendship will only bring misery. It will only hurt! If you really think they want to be friends, you're dumber than I thought. But if that is what you really want, the misery, I will send you back to your friends immediately. Hold still! Have fun defeating the other three idiots and collecting silly Charms!"
He is right. You are just a new classmate. Everyone would help a newcomer until they know how to take care of themselfs. Then they don't pay attention to you anymore.
"We? You just became a member, and you already expect them to accept you?"
He is also right about that. What do they know about you? And what do you know about them?
"Friendship will only bring misery. It will only hurt! If you really think they want to be friends, you're dumber than I thought. But if that is what you really want, the misery, I will send you back to your friends immediately."
Look at how the girls are having fun together, they don't need you to have fun. It hurts. If this is friendship...
Then you suddenly realise everything. They are only nice to you because you are new in class and because you have to help them defeat Nogo and his subordinates. But friendship? No.

Rascal's Perspective

I hold a card in front of my face and look at it while it shows Glitter Lavender. She has dark purple hair when she isn't transformed, kinda like my bangs. When she is transformed, it get's much lighter. I see that she is full of despair. Seems like my words have sink in. This may be a chance. She will realise that she indeed has darkness inside of her and she will beg me to join us. And I will be the one who gives her a warm welcome.

Friendship

[image]

Y / N Perspective

How long are you going to watch the others have fun without you? You need to get over it.
With difficulty you walk further. At break you see that the five girls have fun. They haven't even looked at you today, so it's clear that they don't want to have anything to do with you. You sit alone and start to write.
Suddenly the air turns dark. Everyone falls on the ground. People radiate negative energy. You stand up. Where is that villain?!
A bit further stands the wolf Ulric. He chuckles as he sucks all the negative energy out of people. You immediately grab your Glitter Pact.
'Glitter Force Make-over!'

Rascal's Perspective

So Glitter Lavender decides to fight anyway, even though people only like her for that? Has she forgotten that she has no true friends? Has she forgotten my words?
Silly girl.

Y / N Perspective

'Leave immediately and I won't hurt you!' you say to Ulric. He simply scoffs.
'Lavender!'
You look behind you and see Emily and the others running towards you.
'Oh I wondered where you other brats were,' Ulric says.
'Enough talking!' You say. This, everything that has happened, is the

faulth of these villains! You immediately go to Ulric to attack him.
'Lavender watch out!' Sunny yells.
It's too late. The Buffoon that Ulric has summoned, hits you with its giant fist. You yell and fall on the ground. Then the Buffoon is coming closer and closer. It prepares to hit you again. It lifts up its foot, hangs it above you and then you see it coming closer and closer. You close your eyes.
'No!'
Who was that?
You open your eyes and see to your surprise that Lucky, Sunny, Peace, Spring and Breeze are stopping the giant foot.
'You made a big mistake by attacking our friend!' Lucky says angrily.
Friend?
'Yeah!' Sunny says. 'Don't even DARE to hurt her!'
'If you hurt her, you have to deal with us!' Peace yells.
'And you will lose against us!' Spring says.
'So don't you dare hurt her!' Breeze says.
'Bah! Friendship! It's disgusting!' Ulric yells. 'Super Buffoon, finish them!'
'Buffoon!' He lifts up its fist and wants to slap the girls. They quickly jump backwards and drag you backwards.
'W-why did you save me?' you stammer.
'Why? Because we are friends!' Candy yells.
'But I thought you only liked me because I have to help you defeat emperor Nogo...'
'What? We like you because you are our friend!' Sunny says. She puts her hand on your shoulder.
'B-but you rarely know me...' you say.
'That doesn't mean we can't be friends!' Lucky says.
'We care about you,' Peace says and hugs you.
'But what about you ignoring me today?'
'We thought you needed some time to proces everything that has happened to you lately,' Spring says.
'We never ment to let you feel left out,' Breeze says.
Tears suddenly get in your eyes. The girls give you a hug to comfort you.
'T-thanks guys...' you whisper.
'Are you done with that sentimental stuff?!' Ulric says. 'It makes me want to puke!'

'Yes we are,' Lucky says. 'And now we are going to beat you! Come on girls! It's princess time!'
'Yeah!' All of you yell.

Rascal's Perspective

So it seems that Lavender has reunited with her friends. But I am not going to give up until she discovers that dark side.

(Thanks for reading everyone! And my apologizes for not being active. My motivation was gone but I am back now and the fact that you say that you enjoy my stories means a lot to me!)

Target

[image]

Fights have gone by. Fights in where you became stronger, and your connection with your friends closer. Fights in where you mostly battled against Ulric, Brooha and Brute and their new Twilight Buffoons. Where the jester was nowhere to be found. When he did show up, he was trapping your friends and you inside dreamballs. You were acting all angry towards him, but he never seemed to pay attention to you. Then, the villains targeted and battled your friends. Ulric fought with Emily and Kelsey, Brooha fought with April, Brute fought with Lily and Rascal has fought with Chloe. You are not targeted yet, but all of you can feel a battle coming.

Ulric, Brute, Brooha, Rascal. Who will choose you?

Y/N Perspective

You are outside in the garden, laying on a chair, closed eyes, feeling the sun on your skin. Wondering which villain will come for you. And wondering why Rascal hasn't payed any attention to you so far. Strange enough, you somehow miss it...
When he has kidnapped you, he didn't make any move to hurt you while he could have easily killed you, which would result in an instant defeat of the Glitter Force. He only hurt you when he was defending himself. He never hurt you directly.
Instead he talked to you about your powers and seemed very interested in them. And in you as well. No one has ever showed interest in you that way. Ofcourse, he is a villain, but still...
He has saved you from Brute's bat and said that you have an hidden

darkness inside of you. When you would discover that, he would open you with open arms to the shadow realm. You said that he was lying, but he was right. You feel dark emotions inside of you. Feelings you can't describe. You noticed them when he was there with his dreamballs. Trapping everyone inside of one. Fighting against Emily. Talking. You remember the words.
"You think there are people who truely love you. But you know that you are lying to yourself."
It were Emily's words who brought you back. Though his words haven't left you.
Rascal was the one who payed attention to you, in a strange way but somehow he seemed to care about you. Really care.
He has completely ignored you when you yelled and acted angry towards him the last battles. Now it feels empty.
'Enjoying the sun, Glitter Lavender?'
You immediately sit up and open your eyes.
Rascal.

Rascal's Perspective

One last chance. Ulric has lost the fights against Glitter Lucky and Glitter Sunny. Brute has lost the fight against Glitter Peace. Brooha has lost the fight against Glitter Spring. I have lost the fight against Glitter Breeze. There is one chance left. No one has fought against Glitter Lavender yet. But I will be the one who is going to fight against her. She is mine.
Look at her. Enjoying the sun. I bet she is happy that she is going to defeat us. Me. Silly little girl.
It's time.
'Enjoying the sun, Glitter Lavender?'
She immediately has regonized my voice.

Impossible Love

Y/N Perspective

Rascal stands in front of you. Out of nowhere. For a moment you just freeze in surprise, then you get up from your seat. You stare at his face. He smiles gently, but he isn't grinning as usual. His eyes aren't narrowed. He just looks at you. And you stare back.
'Uhm...' you then say. 'What are you doing here?'
The smile on Rascal's face fades away. 'I should defeat you...'
You say nothing.
Rascal holds a Twilight Buffoon in front of his face. Then he lowers it when you keep standing still and looks surprised. 'What is it? Aren't you going to yell at me or attack me?'

[image]

Words escape your troath with difficulty.
'I can't...'
Rascal looks confused. 'What are you talking about?'
'I just can't do it...'

Rascal's Perspective

She froze. I am sure she fears me. She then gets up but keeps staring at me. I stare back. I can't help but to smile. Something about her is special...
'Uhm...' she finally says. 'What are you doing here?'
My smiles fades away. I have to do something I don't like. For some reason I don't want to do it...
I hold up a Twilight Buffoon. 'I should defeat you...'
Glitter Lavender doesn't move.
'What is it?' I lower the black nose. 'Aren't you going to yell at me or attack me?'
'I can't...' she says.
I am very confused. 'What are you talking about?'

'I just can't do it...'
'Why not?'
'Because... because I don't want to!' She got tears in her eyes. 'I don't want to hurt you...'

Y / N Perspective

There. You finally said it. Rascal looks really confused.
'Why don't you want to hurt me? I am the villain, you're the hero.'
How are you going to explain this?
'Look, I know we are enemies, but you are giving me a very special feeling that I have never felt before...'
Rascal looks at you in confusion.
'I...'
Say it.
'I... I...'
Say it! you force yourself.
'I think I love you!' you blurt it out.
Silence.
A lot of silence.
You look down. Why would a villain love you? Even if you weren't enemies, he...
A big hand takes your hand, getting you out of your mind. You look up and look at Rascal.
'I guess I like you too...' the jester says.
You can't help but to smile. Rascal loves you?!
'...But we can not be together.'
What?
Your smile fades away immediately.
'You are part of the Glitter Force, I am Nogo's subordinate. We can't be together because of that. It's impossible.'
You look down and cry.
Rascal's hand softly wipes away the tears on your cheek.
'We can be together when all of this is over. Until then, you will fight for a happy ending while I fight for an unhappy ending. You will win or I will win.'
'When it's over, we will be together...' you whisper.
'Yes...'
You still look down. Then Rascal lifts up your chin and brings his face closer slowely. Your heart beats fast and a warm feeling fills

your chest. What will happen? Will you two kiss? What will it be like?
Rascal's face comes closer and closer and then his lips softly touches yours. You feel so happy! Two arms embrace you and Rascal pulls you closer. He is very warm for that cold-hearted villain he used to be.
You feel that Rascal slightly opens his mouth and is about to French kiss you, but then closes it and lets go of you.
'You have defeated me, Glitter Lavender...'
You stand still while Rascal has teleported away.

Guys look how cute I-

I got the feeling this chapter did not turn out good... But I will leave it to you to decide.

In my opinion it could be better if it was longer and yeah, more detailed...

*Okay but that picture of Rascal is too cute! *Faints**

Sorry.

Cuteness overload is just extreme lol.

Okay I will stop now and just publish already.

Shadow Lavender

[image]

Y/N Perspective

The last fight against Emperor Nogo is beginning. Candy has changed into the Miracle Jewel. Ulric, Brute and Brooha joined the good side and became pixies! It seems that they were discriminated for the role they play in fairytails, the big bad wolf, a witch and a troll. Rascal has found them and offered them to join his side. He said that he felt their pain and what right anybody has to treat them like that. He asked them if they wouldn't love to switch things up and make them suffer for a change. Then he told them that, with Emperor Nogo's help, they can. He promised that Nogo will give them all the power they need to finally take revenge. They wouldn't have to suffer trough a happy ending ever again!
You started to love him more. He seems to really care about others, even though he only shows his sadistic side.
After this you two can finally be together. He will fight for an unhappy ending while you are fighting for a happy ending together with Emily, Kelsey, Lily, April and Chloe.
You wonder where he is right now.
The Twilight Buffoon that the three used for their new form dissapears and turns into a Glitter Charm. All of you smile. But suddenly a card steals the Charm. You all scare. A laugh sounds. A very familiar voice.
'Rascal!'
'Greetings! Those fools failed again, I see?' Rascal gets the Charm off the card and holds it. 'Well, at least they managed to buy me some time.'
'Time for what?' Lucky says.
'While you all were busy fighting, and a thrilling battle it was, by the way. I was gathering lots of lovely negative energy! So much of it, in fact... I was able to get the Wheel of Doom to turn one final click! And we know what that means, don't we?'
All of you gasp.
Oh no! you think worried. Emperor Nogo!

'If this is true, then Emperor Nogo is about to be revived!' Pop says.
Rascal chuckles. 'That's right, but before he arrives, I've got someone else I want you to meet! Heh!'
He holds three evil spirits from Ulric, Brute and Brooha.
'First off, I take these, the three mean spirits from my former flunkies. Then I add some negative energy for flavor and a dash of misery and despair.' He holds the Glitter Charm. 'Then zap the mixture with this special Glitter Charm and voilà!'
You see how Rascal mixes everything and forms it into a ball in his hands. Then he holds six colored cards in the colors pink, red, yellow, green, blue and purple. 'Some new playmates for you!'
You have the feeling this is going to be terrible news. Your friends let out a gasp.
Rascal throws the cards on the ground. Then evil looking clones of you appear.
'Say hello to the Glitter Shadow Force!'

All of you are in a dimention on your own, fighting your own Shadow versions. Rascal has used his cards to trap you in these dimentions. There is an opening you can escape trough, but you first got to fight Shadow Lavender. But that version is much stronger. And how are you supposed to win when your powers haven't got an upgrade like the powers of your friends?!
'So you're the one member with darkness in your heart?' Shadow Lavender asks.
You are silent.
'There can only be one stronger, darker heart. And that's me.' Shadow Lavender grins. She shoots towards you and hits you with so much force that you lay on the ground in pain in no time.
Rascal...
He made those evil versions...
Does he want you to be hurt?...
He wouldn't allow that!
...Will he?
Shadow Lavender laughs out loud. 'Too bad you already gave up. So boring.'
Trough the opening of the card you see that Rascal is going to kill Candy. You are shocked. Candy seemed like a true friend of you...
And then Rascal is going to end her... You can't allow that!
'Candy!' you stand up while being in a lot of pain, but something

inside you gave you so much energy. You want to exit the dimention, but Shadow Lavender doesn't allow you.
The familiar anger from first returns.
'You better go out of the way!' you snarl.
Shadow Lavender chuckles. 'Never!'
'I have to fight!' you yell. 'For a happy ending! For Candy!'
'You and Rascal can never be together!' Shadow Lavender says.
'You're wrong! Even though we have differences, I care about him. I love him! And I am not allowing you to destroy what I love!'
'Why are you fighting for a happy ending?' Shadow Lavender calmly asks.
The question makes you silent. Shadow Lavender seems to truely wonder and is not going to attack you but waits for an answer.
Why are you fighting for a happy ending?

The Unhappy Ending

[image]

Y / N Perspective

Shadow Lavender stares at you, waiting for an answer. Why are you fighting for a happy ending?
If Nogo wins, what are you going to miss?
The answer is simple.
Your siblings Jack, Emma is and Olivia. You can't miss them.
Shadow Lavender scoffs. 'Your siblings? Is that the only reason? What about other things in life?
You shake your head. After losing write competitions you became sad and angry. You write for fun but people say you do it for only yourself. They make fun of your stories when they read them.
'I'll show you what will happen when you are at the side of your friends!'
Suddenly everything becomes pitch black around you.

'You're only trying to manipulate me!' you yell and attack Shadow Lavender. Both of you dodge well and attack.
'Why do you bother to keep fighting?' Shadow Lavender asks with a big smirk on her face. 'You know that you will lose!'
'We will win!'
'We? You mean you and your five little friends? They don't even truely like you!'
'Liar! You're just trying to play with my mind!'
'Do you really want to betray Rascal like this? I knew it. You will never be his!'
'He's trying to take away the one's I love! My siblings, my family... And that is a big mistake!'
Suddenly a rush of power flows trough you. Something new and powerful. You will show them!
'Glitter Force!' you say while glowing purple. 'Sparkle Lavender Airshot...' You make a huge purple ball appear. '...Crash!'
You send the ball towards Shadow Lavender. She gets hit and is gone. Now you can escape trough the cards back to the real world

and fight against Nogo's evil will!
'I don't believe it! Impossible!' the voice of Rascal sounds.

[image]

'I totally believe it!' the voice of Pop sounds.
You all escape at the same time.
'It can't be!' Rascal says.
Pop has the last Glitter Charm. You are happy. Rascal is bad, he can never love. He only wants to destroy all good. You won't let him!
'My brilliant plan! My best ever! Ruined!' Rascal says.
'It's over,' Glitter Lucky says. 'No matter how brilliant your plan, you'll never beat us, Rascal, so pack it up and go home!'
Rascal takes some steps backwards and he looks full of fear. You can see all the pain and sweat of fear.

[image]

He whimpers and throws his head backwards. 'Oh, woe is me, woe is me!'
Suddenly he starts laughing like he has lost his mind.

[image]

'Whoa,' Glitter Lucky says. 'He's lost it.'
'You presumptuous little mall rat, I have beaten you!' Rascal says once he stops laughing. You still notice the pain on his face. Even his mask. 'You were just too busy making speeches to realize!'
Something is wrong.
'Realize what?' Lucky asks.
'You've run out of time!' Rascal throws his arms in the sky and looks up. 'The time is here at last, master! Welcome back! Better late than never as they say! Now, arise! Arise!'
Suddenly Nogo's giant egg than hung in the air dissapears. All of you gasp and wonder where it went.
'It dissapeared!' Lucky says.
Suddenly a black drop lands on Lucky's face. She wipes it off with her finger and looks at it. 'What is this, black paint?'
She gasps. 'It's the paint they use...'
'For painting the future black!' Peace says.
You got the feeling something is really, really wrong.

'Yes! Yes!' Rascal's voice sounds.
All of you look at him and gasp when you see him. He's covered in black paint...
'That's right, master, take my power, absorb my energy!'
You freeze in place from shock and a painful feeling hits you. You don't want this to happen! You love Rascal!
'Do with me what you will! It's an honor and a privilege to be reduced to a puddle of goo in your service, master!'
He falls down in the puddle of black paint and the puddle dissapears. You stand there in shock.
'Can't say I'll miss him,' a voice of one of your friends say.
You don't notice what happens next. You're completely frozen in place. From shock and sadness. Remembering the pain on the face of that sadistic, but actually caring and good inside jester.
Rascal is dead.

Confrontation

Y/N Perspective

'Are you back again?'
The familiar voice helps you out of the deep endless despair. It's black. You slowely open your eyes and notice you lay on the ground.
'What happened?' you groan.
'That was a vision of the future.' A figure bows over you. It's Shadow Lavender. 'That will happen when you fight for a happy ending.'
'No...' You stand up very slowly. 'That may not happen...'
'Do you understand now? We fight for an unhappy ending because people don't deserve this world and hurt us. We just don't want to live in pain anymore.'
'I... I understand...' you say.
'You should go and save Rascal.'
'What about you?'
'I am the dark part of you.' Shadow Lavender suddenly fades away and her ghost goes inside of you.
'Now I know what to do. I am going to fight for people who have been hurt!'
Suddenly you start to glow purple and you feel so strong.
'Nice. My Ultra Powers. This can come in handy!' You jump up and leave the dimention. The others have already exited the dimentions. You see Rascal walking back in fear again.
'Rascal!' You waste no time and run towards him. Then you give him a big hug.
'What this?!' Sunny asks.
'Rascal please don't leave me, I love you...'
'You what?!' the voice of Lucky sounds.
'What's this all about?!' Spring asks indignant.
'Rascal, Nogo is going to take your powers away and kill you!'
'What?' Rascal asks.
'My Shadow version showed me what will happen if I will fight for a happy ending. Nogo will absorb you!'

'My master wouldn't do such thing!' Rascal says.
'Yes he will. We got to stop him! I don't want to lose you. And I know there's good inside of you deep down!'
'Lavender, what's going on here?' the voice of Sunny sounds.
You sigh and turn around to face them. 'Guys... I... I love Rasca

- Help, I need suggestions! -

So a lot of you seem to enjoy my story and I am sorry for being inactive. I haven't made time for myself to write and my inspiration and motivation are both really low. The thing is: I have no idea how the girls and Rascal are going to react to Lavender loving the sadistic jester. The story wasn't supposed to be published yet, but I published it anyway because I don't want you guys to think I'd ever kill Rascal. Besides, it was a vision so it didn't even really happen.

Can you help me? I have two questions.
1: What will happen after Lavender's sentence? It's just that I got a hole in my mind: I already know the idea's for the end but not what happens in present time - where I cup off the chapter.
2: The story is coming to an end, but I want to continue the story. What shall happen? I was thinking about more close moments between (Y/N) and Rascal. Also moments with the Glitter Force and Y/N's friends and family.

I'll show you the chapter and then you can see where I have stopped and I am looking forward to hear your idea's. I'm always open to suggestions by the way. That way you can help me with my inspiration.

Hi guys! Sorry this isn't a chapter, I know, but don't worry. I first had no inspiration but your awesome requests helped me getting idea's!
I just wanted to thank everyone. You like my stories and on Instagram my followers are growing. It means a lot to me and I am happy when I can make you happy with my content. I see more positivity and that makes me happy.
Lately I forget about writing or don't make time for it. That's why I am pretty inactive. This doesn't mean I stop writing: I want to become a writer in the future and absolutely love writing and reading! (Also I like to draw jesters)
If any of you want me to do/make something as a thank you, you can request it!

Also this is Alastor, a character I am currently obsessed with since I love evil characters (he is from Hazbin hotel):

'What?!' all of them say in pure disbelief.
'But he is going to cause the world to get an unhappy ending!' Sunny yells.
'I know!' you say. 'But I still love him... And he has good inside of him, I'm sure of that!'
'Even after everything he has done?!' Spring says.
'Yes!' you say. 'Girls, think about it... Maybe he has no choice but to serve Nogo! He may be forced!' you turn around to face Rascal again. 'You have never hurt me. We promised to be together after the big battle. That must mean something, right?'
Rascal doesn't know what to say and just stands still.
'Wait!' Sunny suddenly says. 'What if Shadow Lavender manipulated her into thinking like this?'
'No, she didn't,' you say. 'I have had feelings for him for a long while now.'
You lay your hands on your heart. 'I don't want him to be hurt... I am sure that deep down he doesn't want to be on the bad side. I wanna help him getting a happy ending... With me.'
You see that your friends look absolutely shocked. Rascal looks confused, sad and touched by your words.
'I don't understand...' Lucky says. 'Why do you have feelings for him?'
'I am not sure,' you say. 'But he has something special... I really don't wanna fight him, I wanna be with him!'
Rascal is still standing still, not knowing what to do, not attacking.
Then, all of the sudden, a really furious voice sounds.

It's been like a year since I wrote this... I've gotten both love and hate comments on my stories and all this time I've been struggling with an art block and with more problems I won't be talking about... I have been harrassed for loving Rascal, which just made me lose motivation to post

ANYTHING about him. I have also been focussing on total other things. Today I decided to read this story to refresh my memory and give it a try... I also read suggestions to try to continue and I hope this is written well enough. Anyway, I am deeply sorry for dissapointing you all if you actually do really love this story. I feel like a failing writer...
